

Instructions For Creating Canvas Parent Observer Accounts:

There are two ways to create a parent observer account.

- If you plan to access from a desktop or a laptop computer, click [here](#).
- If you wish to use a mobile device (phone, tablet, iPad, etc...), [click here for instructions](#).

You must pair with multiple students through the web.

This is the statement RCS received from Canvas about pairing on the app.

"Currently, parents can only pair with multiple children through the web."

Institution address for parents:

<https://rcsnc.instructure.com/login/canvas/>.

**** To link yourself to a student, you will need to enter a student-specific pairing code that will link you to the student. Pairing codes will expire in seven days.

Students can generate pairing codes from their User Settings.
